Besides this list of hardy field grown perennials we grow a large assortment in 5½ inch perennial pots for easy handling in Garden Centers and stands where a minimum of sales help and space is available. Most of our perennials are available in this manner and are sold at \$50.00 per hundred.

You will also find at our nursery an assortment of shrubs and evergreens.

Dear Fellow Nurseryman:

This list is the most complete selection of hardy plants that we have ever listed. Furthermore, we have had a splendid growing season making our plants sturdy and healthy.

Sunny Border Nurseries are located between Meriden and New Britain just a short ride from the Wilbur Cross Highway. We are always happy to have you visit our Nursery when you are in this vicinity.

No charge on packaging or packaging material is ever made by this nursery and located as we are on the east coast you will have the advantage of quick delivery at lower cost.

It is difficult for us to prepare an order for you while you wait in our busy seasons. A few days notice would be appreciated very much.

Sincerely yours,
Robert Bennerup
